
BIOLOGICAL SCIENCES (BISC)

Fred Spiegel

Chair of the Department

601 Science and Engineering

479-575-3251

Web site: <http://biology.uark.edu/>

Requirements for a Minor in Biology:

BIOL 1543/1541L Principles of Biology/Principles of Biology Lab or equivalent

In addition, **one** course from **five** of the six areas of specialization outlined in the requirements for a B.A. degree in biology:

I. Microorganism Biology: BIOL 2533/2531L [lab optional] or BIOL 2013/2011L

II. Genetics: BIOL 2323/2321L or BIOL 4233

III. Morphology: BIOL 2504, BIOL 4104, BIOL 4424, BIOL 3123, BIOL 2404 or BIOL 2814

IV. Physiology: BIOL 4304, BIOL 4313 or BIOL 2213/2211L

V. Evolution: BIOL 3023

VI. Ecology: BIOL 3863/3861L

Students must notify the Fulbright College Dean's Office of their intent to minor in biology using the Program Update form.

****This form is **NOT** a substitute for the Catalog of Studies. Students should verify this information with their advisor, their degree audit, and the Catalog of Studies.***
