

# ENVIRONMENTAL KIDS CLUB

## You & Your Environment

Do you want to make the earth a cleaner place to live? How can you help to protect the air, water, and land? Find out here!

- [Home](#)

- [The ABCs of Superfund](#)

- [Air](#) Impress your friends! Learn about EPA's Superfund program and then practice using

- [Water](#) 26 words we use when we clean up the environment.

- [Garbage & Recycling](#)

- [Plants & Animals](#) [Acid Rain Kids Site](#)

- [You & Your Environment](#) Acid rain is a problem that affects us all, but we can make a difference and help reduce acid rain.

- [Art Room](#)

- [Game Room](#) [Global Warming](#)

- [Science Room](#) We can make a difference! Help reduce the amount of greenhouse gases we put into the atmosphere and make the world a better place.

- [Trophy Case](#)

- [Happy Earth Day Activity Book](#)

- [Ask EPA](#)

- [A to Z Index](#) An 11-page activities book full of tips for making the Earth a better place.

- [About this site](#) [President's Environmental Youth Award](#)

Every year kids that work to protect their environment are recognized for their efforts. Find out what other kids have done and how you can be part of it.

- [Recycle City](#)

A game, an interactive storybook, and other puzzles will teach you hundreds of ways a whole town can reduce, reuse, and recycle.

[Sunwise](#)

Do you know how to protect yourself from the sun? Here's what to do and why it's important.

[What's wrong with this picture?](#)

Can you find all the ways that we pollute the water around us? Click on the picture to learn about some of the most common things to avoid.

[What you need to know about mercury](#)

Mercury can be dangerous. Read about it here to protect yourself and others.

[When Greenville turned brown](#)

Here you'll find an interactive story with really cool graphics that tells you how one town cleaned up their environment.
