ISIS Basic Query Training Scheduled

A hands-on training session has been scheduled for university employees who create reports in ISIS. The session will be held January 15 from 2:00 until 4:20 p.m. at ADSB 154 and will include an overview of running reports in ISIS. In addition, participants will create and run basic queries during the session.

There is no charge for the training; however, space is limited to the first 15 registrants so early registration is recommended. Registration for the session is available on the web at

<http://www.uark.edu/compserv/training/>. Enrollment confirmation will be sent via e-mail.

For more information about any ISIS training, please e-mail the ISIS training office at isistrn@uark.edu.
