

Ag Equipment Territory Sales Manager for Arkansas, Tennessee and Mississippi

We represent a **well established** agricultural equipment manufacturing company that will be hiring a Territory Manager for the states of **Arkansas, Tennessee and Mississippi**. This territory has established dealers and currently generates good revenue. The ideal candidate will be from this geographic area, have an agricultural background and have graduated with a BS degree in Agriculture. The first year of employment will be a training program that will give the new Territory Manager the knowledge on how to effectively manage a sales territory. The company will make a large investment in terms of dollars and time, to give you the skills needed to be a successful Territory Manager. Excellent salary and benefits are provided. Once the person is established on the sales territory, a vehicle is provided. This is your opportunity to use your leadership skills and be part of an exciting company that values your abilities and ideas and have the freedom to travel and call on agricultural equipment dealers. Please email us for a confidential inquiry to Terry Lebo at lebot@qwest.net.
