for Ambulatory Health Care**

*All office visits are covered by your  
student health fee.*

The Pat Walker Health Center is pleased to offer a variety of health services and wellness programs. Conveniently located on campus, available services include:

- **Primary Medical Clinic** – a range of healthcare services provided by board-certified physicians and advanced practice nurses. On-site ancillary services include Allergy Clinic, Immunization Clinic, Travel Clinic, X-ray, Laboratory, and Pharmacy.
- **Women’s Clinic** – comprehensive gynecological services with sensitivity to the unique needs of female clients. First time gynecological exams and screenings are the specialty of the all female staff.
- **CAPS (Counseling and Psychological Services)** – help with problem solving, self-understanding, personal growth, and other mental health issues. Services are provided by licensed psychologists, counselors, and social workers. 24-hour emergency hotline: (479) 575-5276
- **Health Promotion & Education** – offers programs that promote healthy lifestyle behaviors and are provided by certified health education specialists.

The student health fee covers office visits. Additional charges may incur for diagnostic testing, certain treatments and procedures, programs, and medications. Please ask your provider if any additional charges apply to your visit. Student health insurance is available, call (479) 575-4406 or visit [www.studentresources.com](http://www.studentresources.com)

**For an appointment, call (479) 575-4451.
