Mission Statement

The Pat Walker Health Center, University Health Services provides professional and comprehensive medical care, mental health care, health education, and health promotion for a diverse community of students, faculty, and staff. We, the University Health Services Staff of the Pat Walker Health Center, have a commitment to physical, mental, spiritual, social, and emotional health, the highest standards of quality, and appreciation of the value of each individual. Through these endeavors we support the educational mission of the University of Arkansas and the growth of each individual.
