Save the Date!
Arkansas Women in Agriculture
3rd Annual Conference

March 8 & 9, 2007 – Hot Springs

Please hold March 8 & 9 to join us in Hot Springs Convention Center again for the 3rd Annual Conference of the Arkansas Women in Agriculture! Registration will be on the website (www.arwomeninag.com) very shortly.

We have added lots of new workshops and events items to this year's agenda. We think you will walk away with even more information and be even better prepared to meet the risks and challenges ahead in Arkansas agriculture:

- ❖ at least 10 additional workshops (over 30 total!), plus an evening mixer,
- ❖ an incredible legislative panel to prepare us for the next Farm Bill debates
- ❖ lively and informative discussions for
 - livestock producers
 - fruit and vegetable producers
 - farmers markets
 - organic and direct marketers
 - row crop producers
 - agri-tourism
 - equine

You'll also be able to mix, mingle and become energized with other Arkansas women dedicated to making all types of Arkansas agriculture strong for years to come!

We are also proud to announce we will be partnering with Arkansas Rice Depot (www.ricedepot.org) to fill backpacks during the conference with donated food items for Arkansas hungry children. This will be an exciting way Arkansas women who live and breathe agriculture can continue to feed Arkansas. Details will be posted on our website soon.

P.S. If you would like to become "hands-on" involved in preparing for this year's conference, please drop us an email at: arwomeninag@gmail.com

FYI – Arkansas Women in Agriculture is now a non-profit Arkansas corporation and 501c3 status is underway. We need to find Arkansas women willing to become officers and steering committee members for the organization as it grows and matures. If you are willing to serve, please let us know.
